Sherman Hill Model Railroad Club

The Sherman Hill Model Railroad Club, Inc is formed in Cheyenne to promote the hobby of model railroading, present railroad history and encourage safety around the railroads. We meet weekly on Thursdays to do maintenance on the mall layout and hold a business meeting the third Thursday evening of the month. The club is 501(c) (3) tax deductible, which allows persons and companies the ability to provide donations that are tax deductible. We currently hold an annual train show in Mat/ June. Come and see our display at the Cheyenne Frontier Mall.
